**Objective:**

To excel in the technological field leveraging my strong foundation in engineering and expertise in innovative problem-solving. With a keen interest in applying analytical skills within technology-driven roles, I also bring to the table about my understanding of finance.

**Education:**

Bachelor of Technology, Electronics & Communication Engineering (82.70%)  
Acropolis Institute of Technology & Research, Indore  
Graduation: June 2024

**Projects:**

➤ Vehicle Security System (VSS)

Developed an embedded system using GSM, Neo6M GPS & Arduino for vehicle security.

Role: Developer

Duration: 10 Oct 2023 – 30 Oct 2023

➤ Weather Monitoring System

Designed and implemented a weather monitoring system using ESP32 microcontroller and DHT11 sensor.

Role: Developer

Duration: 17 July 2023 – 21 July 2023

➤ Home Automation using ESP8266

It's an Embedded system which is used to control all the electronic appliances using Wi-Fi and IR remote.

Role: PCB designing & Hardware Centric roles.

Duration: 15 Feb 2023 – 15 March 2023

**Certifications:**

- Embedded Systems, IoT, and PCB Design, Pantech ProEd Pvt Ltd, June 2023 – July 2023
- Electric Cars Technology, DelftX edX, July 2021

**Career Development Activities (July 2024 – Till Date)**

- Prepared for competitive exams, building strong technical and analytical skills.
- Appeared in **GATE ECE 2024** – missed cutoff by **1.25 marks**.
- Appeared in **RBI Grade B 2024**.
- Learned **basic Python** for logic building and automation.
- Appeared in **BEL PE (ECE) 2025** – missed final selection by **8 marks**

**Personal Development/ Technical Skills:**

Embedded System, PCB Designing (Easy EDA), Electronic Devices & Circuits, Internet of Things, Arduino Ide, Basic Embedded C & Python, MS Word/PowerPoint/Excel, Critical Thinking, Problem Solving, Market Research, Teamwork.
